

Logan County Health Department

Medication Management Program

Help keep yourself independent in your home by utilizing our skilled nursing services.

- Our program provides full medication management at your home. Our Registered Nurses will come to your home on a weekly basis to set up your medications as directed by your doctor.
- We are responsible for re-ordering and picking up your medications from the pharmacy.
- Our nurses provide you with an assessment including vital signs at each visit and are in direct communication with your doctor concerning your health care needs.
- We also provide additional services that include: blood draws, urine analysis, foot care, wound care, ostomy and foley catheter care all from the comfort of your home!

Weekly Home Visit: \$20.00
Additional follow up visit: \$10.00
Additional services including foot care and blood draws: \$20.00
Bathing: \$30.00

*This is a private pay program, statements are sent out at the end of each month.
